

The Variety of the Bavarian Red Cross in Schweinfurt

Provides Community, Supports in Emergencies, Saves People

A warm welcome from the Bavarian Red Cross in Schweinfurt!

BRK Schweinfurt's activity is open to everyone; origin, faith, social status, age – health and a peaceful coexistence are our priority. Non-profit, 365 days a year.

On the following pages we would like to give you an outlook on the BRK branch Schweinfurt. The variety of our offers is diverse as the people of Schweinfurt.

Thank you for taking your time!

Red Cross today: our mission statement, our principles

Covid-19 cases and floods in the proximity presented a challenge for our region in recent years. How long can I support myself during a blackout of 6 to 72 hours? Is there any clean water and enough supplies for me and my family? BRK Schweinfurt is not only there in catastrophes or emergencies, but with the seminars we offer, we try to strengthen the population's resourcefulness.

With our BLACKOUT-project VILSS we provide information and tips to improve the crisis resistance in our population during blackouts.

Overview Aid Organisation

Rescue Service

In life-threatening situations, once you call 112, you will be connected to the local on-call first-aid station. Depending on the given situation, BRK Schweinfurt is prepared for every emergency, so people can rely on rapid assistance.

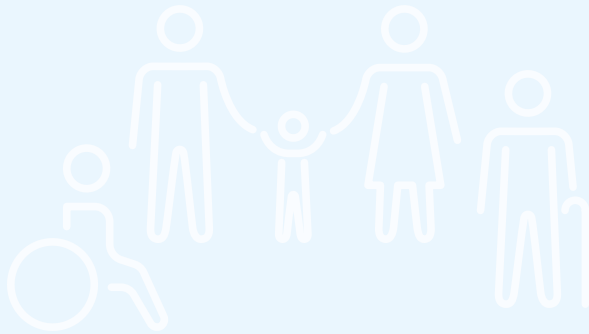

BRK Clothes Container

The benefits of your clothing donations go to our youth work, our search service, our clothing stores, our Water Safety and our honorary squads, who are needed in disaster control.

Medical Service

There comes a time during events when a runner in a marathon gets breathing difficulties or a fan collapses. Our voluntary paramedics are there for you in emergencies and also deal with the transportation to the hospital. Our voluntary help is thoroughly trained, experienced and tested in practice.

Rapid Task Force for Emergency Care Service

There are unforeseen situations in life, when people are unharmed, but need to be provided with essential goods. For example, a couple of years ago, we pitched tents with blankets and heaters in the former Ledward barracks to give shelter to Syrian refugees fleeing from war and terror.

Rapid Task Force for Psychosocial Emergency Care

The „Psychosoziale Notfallversorgung“ looks after people in pressing mental emergencies or crisis. The voluntary members of BRK Schweinfurt support them with psychosocial emergency care and other activities that bring relief to those affected.

Rapid Task Force for Water Safety

When they are alerted, our specially trained members of Water Safety will come to the place of action at any time. In July of 2021 the Ahrtal was flooded horribly and our rapid task force was able to help many of the injured and sick.

Overview First-Aid Courses

First-Aid

In emergencies, applying bridging measures until arrival of the rescue service, can be crucial. Student drivers can take their first-aid course with experts of the BRK Schweinfurt. If there is further interest, you can be trained as an in-house paramedic.

“Trau Dich!“ Courses, Youth Red Cross

Nobody is too small to help. Already from the age of 4, children can be trained playfully in “Trau Dich!” courses. An early engagement in this field can establish a base of competent action.

Training to become a Nursing Assistant

For years there has been a lack of nursing personnel. With BRK Schweinfurt you can be trained as a nursing assistant and like that support people in need of help every day. We also provide a course for relatives to take better care of their loved ones.

Overview Seminars

Paramedics and Emergency Paramedics

The basic training to be a paramedic consists of 64 sets of lessons of every form of emergency situation and an expansion of first-aid knowledge. A three-year vocational training as an emergency paramedic with BRK Schweinfurt is also possible. This is a dual system in which you will be educated not only in school in a student rescue station, but also in various hospital departments.

Water Rescuer

Take part in Water Safety of the BRK! The prospective water rescuers will go through an adjusted pursuing paramedics training, for example diving medicine, cardiopulmonary resuscitation and more. The practical part of the training expands on rescuing techniques with motorised boats and search techniques.

Voluntary Activities and Donations

We at BRK Schweinfurt welcome everyone who wants to take part. This brochure cannot give a complete picture, but it gives an impression of how we take action as part of the community on a daily basis. There are numerous ways to help other people in a meaningful way. You will be assigned to tasks that fit your individual skill-set and get further training in these. Improving your strengths is our motto.

Krankenhaus für Psychiatrie, Psychotherapie und
Psychosomatische Medizin Schloss Werneck

Erholung auf dem Land

In den Händen von hervorragendem Personal.

Das Krankenhaus für Psychiatrie, Psychotherapie und Psychosomatische Medizin Schloss Werneck wurde bereits mehrfach durch „Focus Gesundheit“ ausgezeichnet. Kein Zufall, sondern eine Kombination aus hervorragend geschultem Personal und langjähriger Erfahrung im Bereich der Psychiatrie.

Seit 1855 werden hier Patienten mit psychischen oder psychosomatischen Krankheitsbildern behandelt. Durch vielfältige Therapieangebote begleiten wir die Patienten wieder in ein selbstbestimmteres und bewussteres Leben.

Die ländliche Umgebung und der weitläufige Schlosspark um die Klinik herum, sind perfekt um zur Ruhe zu kommen.
